SHENZHEN SUMRING TECHNOLOGY CO., LTD

Standardized management

SUMRING implement the I S O 9 0 0 1 standard management, continuously follows the trend of global advanced fire alarm development, invest 20% of earns into research & development every year and releases 2 new products in 6 months. To Guarantee the qualified items; Sumring items are certified by EN, UL, CE and ROHS.

Product market

SUMRING has 70% regular clients whom specialized in fire alarm & security area. The products are widely exported to Europe, North America, Africa, Middle East, and Asia. With customers over 40 countries.

Win-win cooperation

Inquiry us and enjoy a safe and secure life with SUMRING!

COMPANY PROFILE
OEM FOR WELL KNOWN BRAND

Shenzhen SUMRING technology Co., Ltd is a complete alarm solution supplier. Products cover Detector, fire alarm system and security accessories;

WHY CHOOSE US

PRODUCTION
10 times test procedures (28 hours) in production

CLIENT
40% regular client more than 10 years

EFFICIENCY
Short Leadtime: 2 days for sample 5 days for order

CERTIFY
Comply to EN54 EN14604 CE and ROHS

EXPERIENCES
5 senior engineers with 10 years experiences; Release 2 new products in 6 month

SERVICES
2 years warranty;Response inquiry in 24 hours

Technical parameters:

Sensor life: 5 years

Power Supply: AC90-240V

Alarm sound: Alarm sound: >85dB /1 meter

Product specifications:

Length:Product specifications: 121*79*40 mm

Detection gas: GAS+CO

Working temperature: -10°C-55°C

High sensitive
High quality sensor, more accurate detection, quick alarm in a short time, more secure guard your family

Dual power supply
using main power supply and 9v rechargeable battery as back up, convenient for anyunstable power supply scene.

Human voice broadcast
80dB high-pitched alarm, voice broadcast, more accurately know the alarm reason

Control valve
automatic linkage control solenoid valve closed, effectively avoid gas leakage caused by explosion and fire

SR-902-2Y

Technical parameters:

Product name:household combustible gas alarm

Detection gas:natural gas, liquefied gas,and pipeline gas.

Operating voltage: AC 90-240V

Alarm concentration:8%LEL(+-3%)

Working humidity:≤95RH

Dimensions: 100*60*30mm

Alarm sound pressure:≥90dB

Operating temperature: -10°C~+50°C

Working pressure range: 800hpa~1100hpa

Standard: CE,ROHS,EN50194

High tone alarm
Within 3m, the alarm sound is greater than 90DB, and the light flashes and the concentration is displayed (with LCD display

LED display
The LCD screen displaysreal-time concentration.

Smart design
100*60*30mm lower down the shipping cost

Fault self-test
Press the "Test" button at any time to check the status of detector's alarm sound and light signal.

fireplace

coal

Carbon fire

Gas water heater

SR-907

Technical parameters:

Product Name：Carbon Monoxide Alarm

Detection gas：CO

Sensor life：5 years

Static current: <10uA

Alarm current: <100mA

Working temperature: -10~50℃

Product size: diameter:100mm* thickness:41mm

Sensor: Electrochemical Carbon Monoxide Sensor

Carbon monoxide gas detection concentration: 000~999PPM

Alarm indication: LCD display, sound and light tips

Power supply: 3*1.5V AA Batteries, DC4.5V

larm sound: more than 85dB/meter

Working humidity: relative humidity 10%-95%

Battery display: low battery alarm

Hush Button
When the alarm occurs, handle the alarm, one key to cancel the alarm sound

Long lifetime sensor
The service life of the sensor is up to 5 years. Can OEM as 10 years lifespan.

MCU intelligent chip
Newly upgraded MCU with 48 pin IC chip, faster response and lower energy consumption

End-of-life remind
The life indicator(yellow) is always on, and the LCD displays LF (life)Remind 15 days before the end of service life

fireplace

coal

Carbon fire

smoke & CO

SR-822THS

Technical parameters:

Product name：combination smoke&carbon monoxide detector

Operating voltage:3*1.5V AA replaceable battery (3 AA 1.5V)

Alarm sound pressure: ≥90dB   Sensor life：3 years

Operating temperature:-10°C~+50°C   Acquisition method：Natural diffusion

Alarm setting value:Smoke is 0.3dB/M

Installation:Wall or Ceiling mounted   Package Size:107*37mm

High sensitive
Second generation imported chips
High sensitivity detection

Dual detection
fire smoke and CO,At the same time, more comprehensive protection of home safety

High tone alarm
Within 3m, the alarm sound is greater than 90DB, and the light flashes and the concentration is displayed (with LCD display

Fault self-test
Press the "Test" button at any timeto check the status of detector's alarm sound and light signal.

SR-A08-PS

Product overview:

This product is made of imported PC material and is cast in one time.
The whole body is transparent and the inner and outer walls are smooth,
Beautiful and generous, high temperature resistance, high strength, impact
resistance, good water drainage, dust prevention and corrosion resistance,
This product is applicable to all kinds of industrial and mining environments,
buttons and switches of high and low voltage distribution cabinets.

Splash prevention
resistance, good water drainage, dust prevention and corrosion resistance

DCW Dust prevention
24 hours real-time detection
Ensure the safety of family life and property

Audible alarm
When closing the protective cover, if someone opens it, it will make a sound

thermostability
Adopt fireproof transparent plastic, which can be used in harsh environment

Product overview:

Name:Magnetic Door With Bracket

Case Material:Zinc Alloy   Color: grey

Gap:50-70 mm   Current / Voltage / Power:0.5A/100V/10W

Output:NC/NO/COM   Installation:buried or surface mounting

Connection: 22#wire,550MM, with 380mm stainless steel protective tube

Splash prevention
Good waterproof, dustproof and corrosion resistance

Sensitive
High-quality line motherboard, current protection and sensitive response

Magnetic induction
can OEM distance with strong magnet.

Simple installation
Easy to use without complicated installation

Product overview:

Brand name:Wireless SOS alarm

Color:White

Sound:80-90db

Weight:120g

Network:Wireless frequency 433HZ

Battery:AAA1.5V

the tinkle of bells: 50 ringtones

Size: 80*80*65mm

low power consumption
Low-power design, can be used for long-term standby

transmission distance 300 Meters
The open wireless transmission distance is up to 300M,

Audible alarm
The volume is adjustable in 4 levels from 0db to 90db, so this pager can be heard even with loud background noise.

52 ringtones
The elderly call button is located 100m from the open area, and there are 52 kinds of ringtones to choose from.
